Report on the Hands on training programme in Commercial Production of Fruits and Vegetable Products

Under DBT star college scheme eleven of our B.Sc chemistry students attended two days Hands on training programme in “Commercial Production of Fruits and Vegetable Products” at Tamil Nadu Agricultural University, Coimbatore on 28.12.2021 and 29.12.2021.

The day one session was delivered by two eminent faculty members with many years of experience in processing and preservation of Fruits and Vegetables. The programme covered an array of topics that included

1. Drying of fruit products
2. Various types of pickle preparation
3. Different types of candy preparations
4. Soup preparation
5. Ketch-up preparations.

All the participants were allowed to do the preparations and also showed their innovative ideas and experiences in their preparations.

In the day two session the list of activities carried out were listed below

1. Preservation of fruits
2. Tining Method
3. Sarpath Preparation
4. Mixed fruit jam preparation
5. Jelly and Fruit bar preparation
6. Squash and dry fruit preparations

At the end of the session participants highlighted the effectiveness of the programme through their feedback. Manual (Training material) on Commercial Production of Fruits and Vegetable Products and certificates distributed to the participants. The organizers mentioned that

they are happy to support and intimate the future training programmes and keep in touch with the participants.
