Report on Industrial Visit - Hindustan Die Casting on 25.02.2019

As growing chemist who should learn about several Chemistry principles and industrial applications, it becomes essential for the students to understand how the theoretical concepts can be implemented on the practical front in various manufacturing industries. Industrial visit serves as a relation building process between institute and industry. For this purpose Department of Chemistry, Sri GVG Visalakshi College for Women, Udumalpet organized an Industrial visit to Hindustan Die casting, Coimbatore on 25/02/2019 for I BSc Chemistry students.

Forty one students along with two staff members and one lab assistant visited the Hindustan Die casting, Coimbatore. The main objective of the visit is to make the students an aware of manufacturing processes and related activities incurred in metal alloys.

Hindustan Die casting have a well-equipped and modernized infrastructure. The organization is genuinely engraved to deliver and manufacture of quality mold bases, tools and dies at reasonable rates with corporate standards. These three are manufactured by using high grade quality raw materials and finished to ensure the long life..

The success and value of the visit was clearly confirmed by all the participants and the need for events of this nature was emphasized by them. We are very happy that the students participated utilized the opportunity given to them as the fullest.
