Date:26/02/2024 (AN)

Venue: Chemistry Laboratory

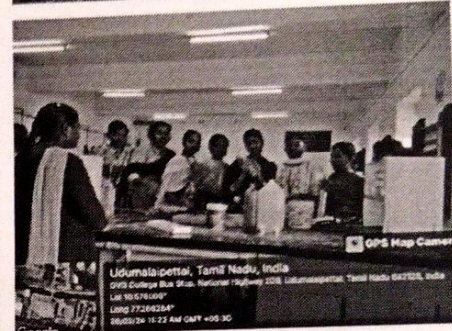

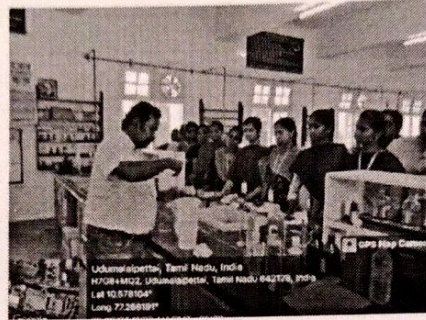

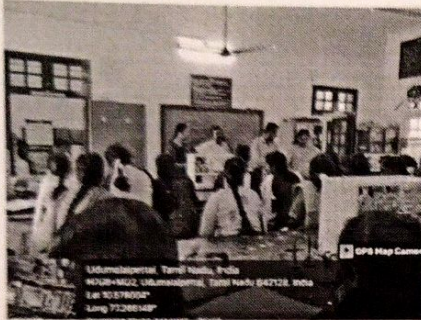

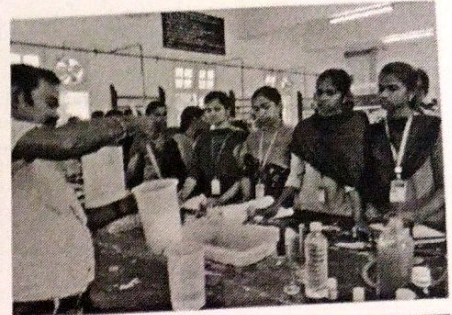

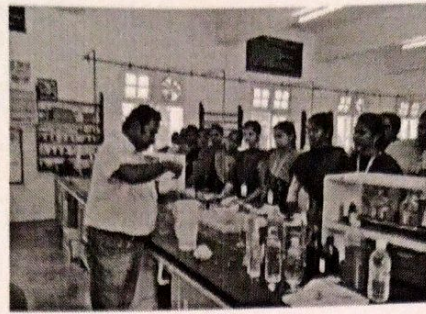

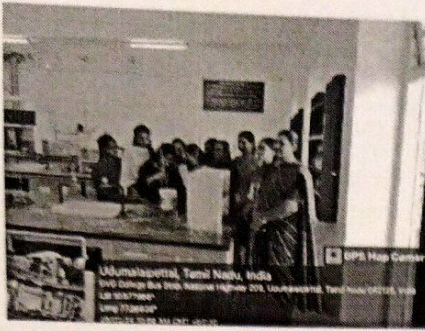

No of Beneficiaries: 53 students, 7 Faculties, 2 lab-assistants

Resource person shared his expertise in preparing many household products. He trained students to prepare soap, soap oil, Tiles cleaner, Toilet cleaner, glass cleaner, detergent, floor cleaner and phenoyl. Hand on training inspired the students to become an entrepreneur and start their independent small scale business. The session was informative and paves a clear way to make many young entrepreneurs to be successful in future. Students were very eager to learn. This training made the workshop more soulful with the positive vibes and extreme interests.

The programme started with welcome address by Mrs. Dhivyadharsini of II B.Sc Chemistry followed by resource person introduction by Dr. S. Umadevi, Associate Professor of Chemistry. In the forenoon session Dr. P. Manivel explained the chemistry of household products and ^{how we} interact with an array of items that rely on chemical principles to function. He also explained the common ingredients needed for the preparation of products like Soaps, Detergents, Soap oil, phynoil, liquid detergents, floor cleaner and Toilet cleaner, need of pH control, solvents for dissolving substances and preservatives to prevent Spoilage.

In the afternoon session Mr. M. Balasubramaniam Managing Director of Homecare products effectively demonstrated and trained our students and faculty members to prepare the following products.

1. Soaps
2. Detergent Powder
3. Soap oil
4. phynoil

5. Floor cleaner
6. Toilet cleaner &
7. Liquid Detergents

The participants prepared the household products enthusiastically and displayed products for visualisation. The event was highly useful to the students for developing entrepreneurial abilities to run a business successfully. The programme came to an end with the vote of thanks by
