Report:

Children of Alfred Marshall has celebrated the event for 153rd Gandhi Jayanthi on 11th Oct 2022. Gandhian economic order is based on simplicity, decentralization, self-sufficiency, cooperation, equality, non-violence and human values. The first basic principle of Gandhi's economic thought is about special emphasis on 'plain living' which helps in cutting down our wants and being self-reliant which has been beautifully exhibited through speech, video presentation and Villu Pattu (traditional song) by our students.
