

Department of Mathematics

Extension Activity

Activity: ISRO Science and
Vedic Mathematics

Date: 30.12.2023

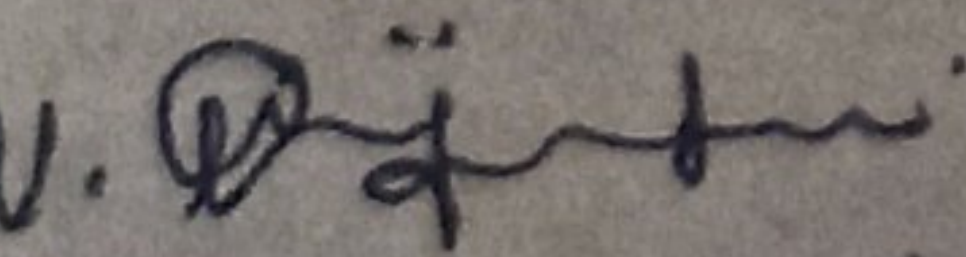

Our College organized TNSCST Young Student Scientist Programme 2023 from 27.12.2023 - 10.01.2024. During the Young student Scientist Programme on 30.12.23 Our III-B.Sc Mathematics students took classes for the 75 students of 9th standard from Tirupur and Karur district.

Vedic Mathematics for finding addition, Subtraction, ~~MA~~ Multiplication, division, Squares and Square roots was taken by S. Bhavadharani of III-B.Sc Mathematics.

The application of Mathematics in various fields like ISRO, CSIR Labs and Engineering fields are explained by R.S. Harini of III-B.Sc Mathematics. She also demonstrated about graph functions by play way method such as dancing.

J. Karthika of III-B.Sc Maths conducted the Math games to the school students.

Students enjoyed the session and ~~can~~ understand the concepts of Mathematics in easy way. Also the school students prepared models in Trigonometry Algebra and Geometric shapes etc.,
