

Education Field Trip - Rocket Launching

Date: 15-03-2023

Students from UG (26) and PG (19) Mathematics accompanied by four faculty members visited Thumba Equatorial Rocket Launching Station, VSSC, Thiruvananthapuram.

This educational field trip helped the students to know about sounding rockets which are one or two stage solid propellant rockets used for probing the upper atmospheric regions and for space research.

The students got knowledge about the concept of rocket launching, main function of a rocket, importance of rocket launch, size of a sounding rocket, material used in sounding rocket etc.;

This educational field trip gave an excellent exposure to the students for their research and career.
