TIFR CENTRE FOR APPLICABLE MATHEMATICS
Tata Institute of Fundamental Research
An Autonomous Institution under the Department of Atomic Energy, Government of India

June 14, 2022

Summer Workout in Mathematics (SWIM), a programme aimed at undergraduate students of Mathematics, is currently being organized by TIFR Centre for Applicable Mathematics (TIFR CAM), Bangalore, India. This programme started on June 1, 2022 and runs until June 28, 2022.

This is to certify that Ms. Divya K., a second year Bachelor's student from Sri GVG Visalakshi College for Women, Thiruppur, Tamil Nadu, attended the programme from June 1 - 14, 2022 at TIFR CAM. She had to leave the programme midway due to her end-semester exams scheduled from June 16, 2022.

Venkateswaran P. Krishnan

Certificate of Course Completion

Indhumathi K

has successfully achieved student level credential for completing
the **Data Analytics Essentials** course.

The student was able to proficiently:

- Explain how the data analytics process creates value from data.
- Explain the characteristics of data, including formats, availability and methods to acquire.
- Transform data using analytics tools.
- Analyze data using basic statistical and data preparation techniques.
- Complete hands-on lab using Excel, SQL, Tableau and other tools.
- Evaluate and share project portfolio.

PYTHON INSTITUTE

Statement of Achievement

Iswarya C

has successfully achieved student level credential for completing the
Python Essentials 1 course, provided by Cisco Networking Academy in
collaboration with OpenEDG Python Institute.

The graduate is able to proficiently:

- Design, develop, debug, execute, and refactor simple computer programs written in Python 3
- Think algorithmically to analyze problems and implement them as computer processes.
- Use the syntax, semantics, and the most important elements of the Python Standard Library to write Python scripts and resolve typical implementation challenges
- Understand the role of a programmer in the software development process
- Attempt the qualification PCEP – Certified Entry-Level Python Programmer from OpenEDG Python Institute and continue their professional development at an intermediate level with Python Essentials 2
