Feed back

Bird diversity of India and their conservation study for Salim ALB Centre for Ornithology and Natural History. Teaching has Dr. P. Pramod, Senior Principal Scientist.

His teach is very interesting. The birds are different, different kinds of habitats. They are very interesting species. Nature is Beauty. That centre is very neatly, peace full of complex. and Areas. They are very, a number of names and sp. is very Amazing lessons.

Trekking is very interesting and looking a little, little different birds views. That one place is elephant drinking place. That view is very Amazing.

The trekking guides has Swathi and Keerthana sister, are very kindly they led with patience.

Thank you.

S. Shilekha.

FEEDBACK

We went to visit Salim Ali Centre for Ornithology and Natural History (SAON), Anaiakatty on 21.01.2024. This was very wonderful and useful to us. The Pramod sir taught about the different kinds of Birds migrating all over the world that was very interesting to us. They thought the birds sounds and birds colours. They shown the bird's nest. We saw a green Butterfly while trucking. It was so attractive and beautiful to see. The place was full of green. We had a good oxygen. We thank our head of the department and faculty members who organised this wonderful visit.
