Guest Lecture

on

Bats in Indian Subcontinent

Date : 15.12.2023

Time : 1:30 - 3:30pm

Resource Person

Dr. S. Baskaran

Assistant Professor

PG and Research Department of Zoology

V.O. Chidambaram College

Tuticorin.

Venue : Conference Hall.

Beneficiaries : 118 students and 5 faculties

Resource person Dr. S. Baskaran delivered the special address on Bats in Indian Subcontinent. He explained about Bats habitat, feeding mechanism, Types of bats, adaptation of bats, fruits eating bats are vital to tropical reforestation due to their ability to disperse seeds to degraded areas. He also explained that bats received considerable attention for infectious disease because of their potential to host and transmit viruses including Ebola, Hendra, Nipah etc.

Out come: Students were highly motivated and inspired by his talk and interacted with the speaker.

Feedback

"Bats in Indian Subcontinent"

Extremely informative seminar that will undoubtedly influence my manuscript writing from now on.

The speaker was very articulate and knowledgeable while remaining interesting throughout which maintained the audience attention. Time well spent.

It was a one of the most attraction section ever. we get more knowledge about bats and their pathology. and also it had provide prevention the bats from extinction.

"bats in Indian subcontinent"

- speech by Dr. Baskaran

I really love this session because I learned many facts about bats. Sir thought how to identify the bats. We saw many pictures of bats. It is very useful for our studies. Then he shared many experiences of his life time. He motivate the students through his words. After his words good thoughts about bats are raised. From starting to end he speak with a same excitement. We love this session very much. Thanks for Dr. K. Manimegalaí mam to arranging this session.
