Report on the Workshop

E-Content Development Team at Sri Lanka Vidyarthi College for Women, Udumalpet organized a two day workshop on 'ICT Tools for the Preparation of E-Content' on 14th and 15th December 2020. The splendid workshop was scheduled as forenoon and afternoon sessions from 10:00 am to 4:00 pm on both the days at DST Lab. Mrs. S. Kalaiselvi, Principal inaugurated the program and spoke on the nature of the workshop. On the first day, Mrs. Chitra Devi, Assistant Professor, Department of Chemistry touched upon the utility of tools including Kahoot, Quizizz, H5P and Freemaze. Kahoot, Quizizz, and H5P are gamification tools used as educational technology in educational institutions. By these tools, Puzzles and multiple choice quizzes can be accessed via a web browser or the app. Students show much interest in learning if these apps are used in education.

The nuances of Renderforest, Mindmeister, Draw.io and Pixabay were elaborated by Mrs. V. Anitha, Assistant Professor, Department of Chemistry. The second day was replete with the presentations of three faculty. Mindmeister and Draw.io are online collaborative knowledge based mindmapping tools that students can understand and make connections between concepts, ideas and information. Mind maps help users to collect ideas and facts based on a given topic. Renderforest, Toonastic and Plotagon are the best online tools to create high quality videos, logos, mock-ups and websites with minimum time and effort.

Mrs. N. Sathya Priya, Assistant Professor, Department of Computer Science, facilitated towards the part played by MS Word and Powerpoint in developing e-content for education purpose.

Tools like, Polygon Tools were dealt by Mrs. P. Chibrikun, Assistant Professor, Department of Chemistry. Dr. N. Sotana, Assistant Professor, Department of Zoology, elucidated the usage of tools such as HotPotatoes, Ice cream etc. Preccah and Ice cream is Screen Capturing Tools providing full set of features for creating professional video lessons and e-learning presentations. To make our video lesson more informative, we can easily record a voice over with our microphone.

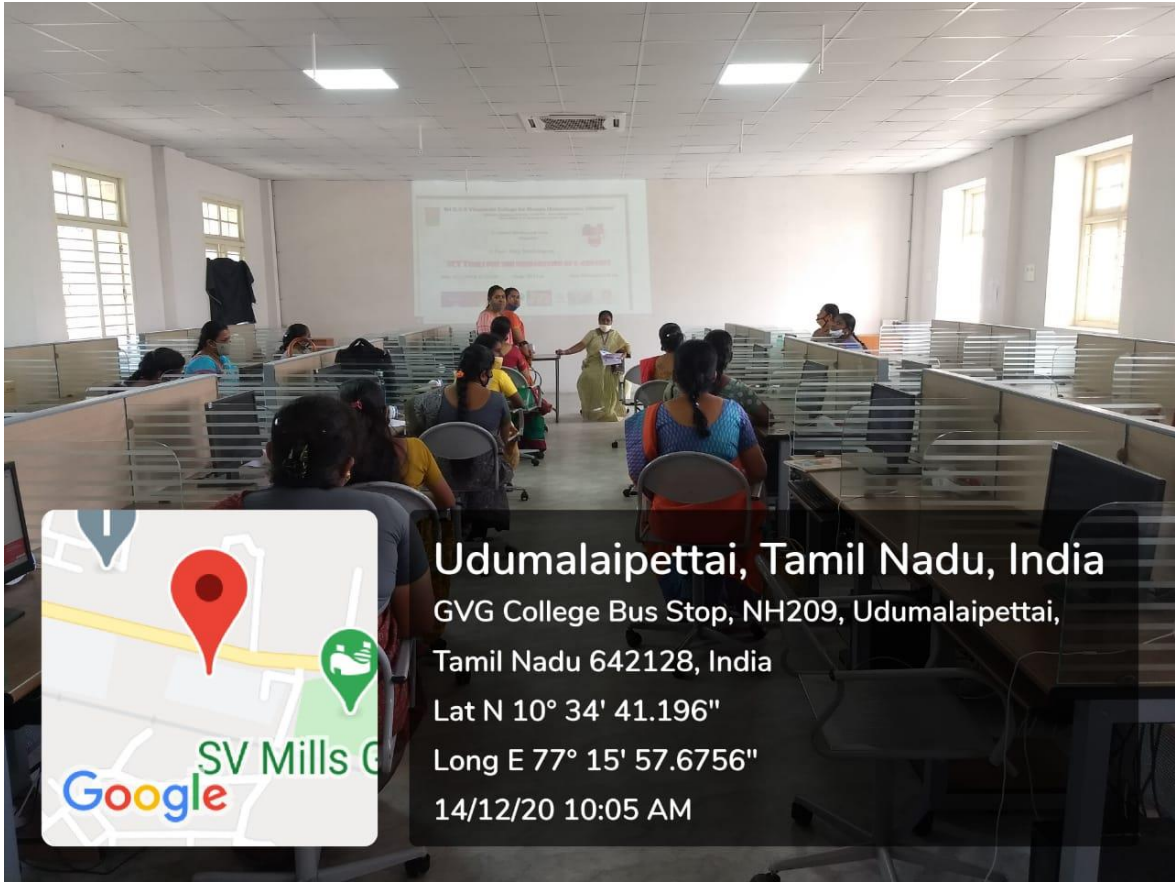

The members of faculty learnt these tools which they will implement in their classes. The workshop was of great use and help for the faculty to facilitate the modern learners.
