(Awareness programme to avoid
the use of SINGLE USE PLASTICS)

17.11.2021
(5.30 pm – 7.00 pm)

Objective of the Webinar
Awareness programmes to avoid
the use of ‘SINGLE USE PLASTICS’
has been identified as one of
themes for the Iconic Week
celebrations of the Ministry of
Environment, Forest and Climate
Change (MoEFCC), Government of
India under Azadi Ka Amrit
Mahotsav. This webinar will focus
on developing the attitude of
avoiding single use type plastics.

E-certificates will be provided after the
completion of filling feedback forms.

Webinar on "Are we Plasticterian"
17/11/2021 (Azadi Ka Amrit Mahotsav)

Webinar on "Are we Plasticterian" was convened on 17/11/2021 at 5.30 p.m - 7.00 p.m, (Under Azadi Ka Amrit Mahotsav). The main objective of the seminar is developing the attitude of avoiding single use plastic.

Dr. Chingakhams Chinglenthleiba, Post doctoral Researcher, dept of chemistry, Singapore University, Singapore has given a talk. He has talked about releasing of microplastics and its entry into animals and human and its effects. He has insisted the participants to go for eco-friendly products and they should avoid using plastics.

240 participants has attended, The participants were from All over india, faculties, Research Scholars, and students were benefited from this webinar.

Permission Letter

From

Dr. K. Shobana (Convener - Green Initiatives & Environment Club),
Assistant Professor
Department of Zoology
Sri Aya Visalakshi College for Women
Udumalpet.

To

The Principal
Sri Aya Visalakshi College for Women
Udumalpet.

Respected Madam,

I would ^{like} to organise a webinar on "Microplastics" as a part of Celebrating 'Azadi Ka Amrit Mahotsav'. (as one of the themes is Awareness programmes to avoid use of single use plastic)

Dr. Chingakham John Chinglenhoiba, Post Doctoral Researcher, Department of chemistry, National University of Singapore, Singapore will deliver an Invited talk, and the participants will be from our college and faculty. Students and researchers from all discipline can attend this webinar on 17/11/2021. I request you to kindly permit me for the same.

Thanking you.

13/11/2021
Udumalpet.

SK
13.11.21

Yours Sincerely,

(Shobana K.)

Screenshots

The slide displays a central circular cluster of multi-colored microplastic particles. Ten arrows radiate from this cluster to various ecological effects:

- Chemical toxicity: associated chemicals
- Gut blockage
- Gill blockage (suffocation)
- Abrasion/ tissue damage
- Bioaccumulation
- Translocation to tissues/circulatory system
- Increased stress
- Hormone disruption
- Impaired reproduction
- Inhibition of growth
- Altered behaviour
- Chemical toxicity: leachates

At the bottom of the slide, it reads: "Wright et al. (2013) Environmental Pollution".

The meeting interface shows the presenter as John chinglenthoba. Other participants include Dr.Mrs.R.Gomathi Zoology, pavithra Selvaraj, Swathika Swathika, Gowri Kbscit, and poorni vimala. The time is 6:11 PM.

Z

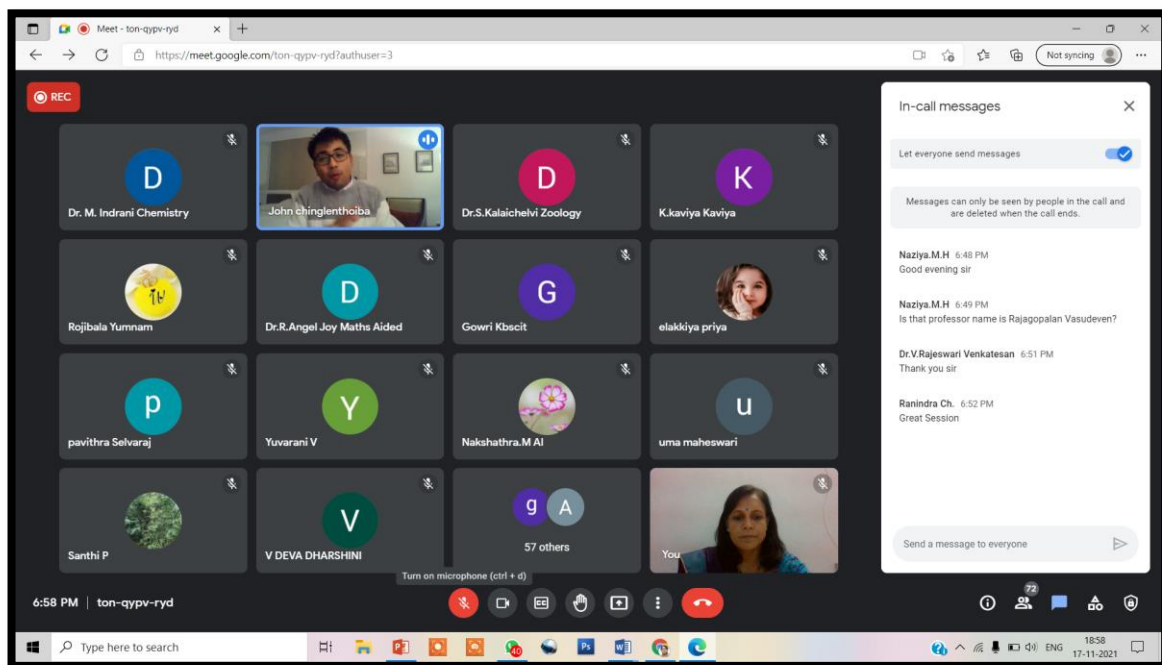

The slide features a red header with the text: "Microplastic in foods and many more !!!".

Below the header, a green box contains the text: "Source of commercial salt primarily from the sea, saline lakes, saline rocks and saline wells (Yang et al., 2015). Sea salts are typically produced in Salinas by crystallisation due to the combined effects of evaporation and sunlight (Renzi and Blaskovic, 2018)."

The main content includes:

- An image of a freshwater midge larva.
- Bullet points: "Freshwater midge larvae –*Chironomus sanctificarii*" and "1% by mass nylon, 13-18 µm".
- A red arrow pointing from the larva image to a microscopic image showing red microplastic particles.
- Caption: "Images showing ingestion of microplastics by freshwater midge larvae (Alice Horton)".

The meeting interface shows the presenter as John chinglenthoba. Other participants include Dr.Mrs.R.Gomathi Zoology, pavithra Selvaraj, Swathika Swathika, Gowri Kbscit, poorni vimala, and You. The time is 6:12 PM.

We would like to thank you for giving a talk and sharing your valuable knowledge in a webinar on "Are we a Plasticterian" organized by Green Initiatives and Environment Club 17.11.2021. We are grateful for the time and effort you took to share your thoughts and experiences with the participants. This webinar will raise awareness in the students in favour of plastic free life style. Our sincere appreciation for your outstanding presentation.

Thanking you.
