Minutes:

Green Initiatives & Environmental club organized one Day Workshop on "Ikebana" on 19.10.2023 (AN). Ikebana experts Mrs. Meenakshi, Bangalore, delivered lecture on Flowering arranging and types. Ikebana is more simply decorating flowers in a container. It emphasizes the importance of developing closeness with nature. Materials used include living branches, leaves, grasses and blossoms. The beauty of the arrangements comes from color combinations, natural shapes, graceful lines and the overall form of the composition. All students and faculty participated in this programme.
