Extension Activity - Report

2. Promotion of Herbal Garden :

The purpose of this extension activity is to promote gardening of herbal plants in their home and neighbourhood. This activity created awareness on traditional medicine followed by our ancestors which has no side effects among the students. 50 students of II B.Sc Mathematics planted herbal plants like Tulasi, karpooravalli, Aloe vera, fernugreek plants, spinach, piperbittle, mint, Horseshoe Vitex(Nochi), turmeric, Solanum Trilobatum(thuthuvalai) in their habitat. They learnt the uses of these plants through the elders in the family and used it. Hence this activity helped them to get knowledge about the medicinal values of herbal plants and the value of Traditional medicine.
