Department of Computer Science
Academic year 2023-2024
Extension Activity on “Techno Thump”

Venue: Panchayat Union Middle School, Chinnaveerampatti.

Date: 21.02.2024

Report:

Extension Activities for the Academic year
2023-2024
Department of Computer Science

Our Department of Computer Science conducted an Extension Activity "Techno Thump" undertaken by the students of III Bcc Computer Science (A & B) during the academic year 2023-2024.

School Activities: Report:-

- * 23 of our students from III Bcc Computer Science visited Panchayat Union Middle School, Chinnaveerampatti village on 21.02.2024 [Wednesday].
- * Our students conducted various engaging activities for the students of VI, VII, VIII standards at Chinnaveerampatti school. The activities included:
Awareness speech:
 - * Our students delivered engaging speeches to educate the students about cyberstunts, emphasizing the importance of online safety and caution.
- Power Point presentation:-
 - * Our students delivered an informative & interactive Powerpoint presentation aimed at enhancing the school students' understanding of various computer science concepts like ChatGPT, CANVA, AI & ML.
- Interactive sessions - Games:-
 - * The inclusion of engaging activities like computer relevant riddles and connection games adds an interactive element to the program, making it more enjoyable & memorable for the students.

Overall, the extension activity was a success, fostering knowledge - sharing & inspiring the young minds of school children at chinnaveerampatti village towards the field of computer science.

School Report:

PANCHAYAT UNION MIDDLE SCHOOL, CHINNAVEERAMPATTI.

Department of Computer Science, Sri G.V.G. Visalakshi College for women-
Udumalpet organized an extension activity "Techno Thump" in our school on 21-02-2024 and
they gave awareness speech about Cyber Scam.

Students gave various power point presentations and it's very valuable for our students.
The utilization of PowerPoint presentations featuring tools such as ChatGPT, Canva, AI, and MI
is commendable. These technologies not only make the presentations visually appealing but also
enhance the learning experience by providing practical examples and insights into the world of
cyber security.

By showcasing these tools, students are exposed to the potential of technology in both
positive and negative contexts, thereby increasing their awareness and understanding of cyber-
related issues.

The inclusion of engaging activities like computer-related riddles and connection games
adds an interactive element to the program, making it more enjoyable and memorable for the
students.

Overall, the efforts of the Department of Computer Science students, and staff in
organizing this awareness program deserve praise and appreciation. By taking proactive steps to
educate students about cyber scams, they are not only contributing to the safety and well-being
of the school community but also empowering the next generation with valuable knowledge and
skills for the digital age.

Station:Chinnaveerampatti.
