Invited talk on Fascinating Experimental Physics

19.02.18

Dr. T. S. Natarajan
Professor of Physics,
Indian Institute of Technology
Tirupathi

It was a special lecture which was planned long time ago. I was immensely pleased to come to your college and interact with your students. It is nice to see you have taken interest in inviting a few students from nearby school and colleges.

The students were very enthusiastic and asking very profound questions. It was a very satisfying experience to me personally. Thanking you for making it happen. Wish the college and the faculty all the best.

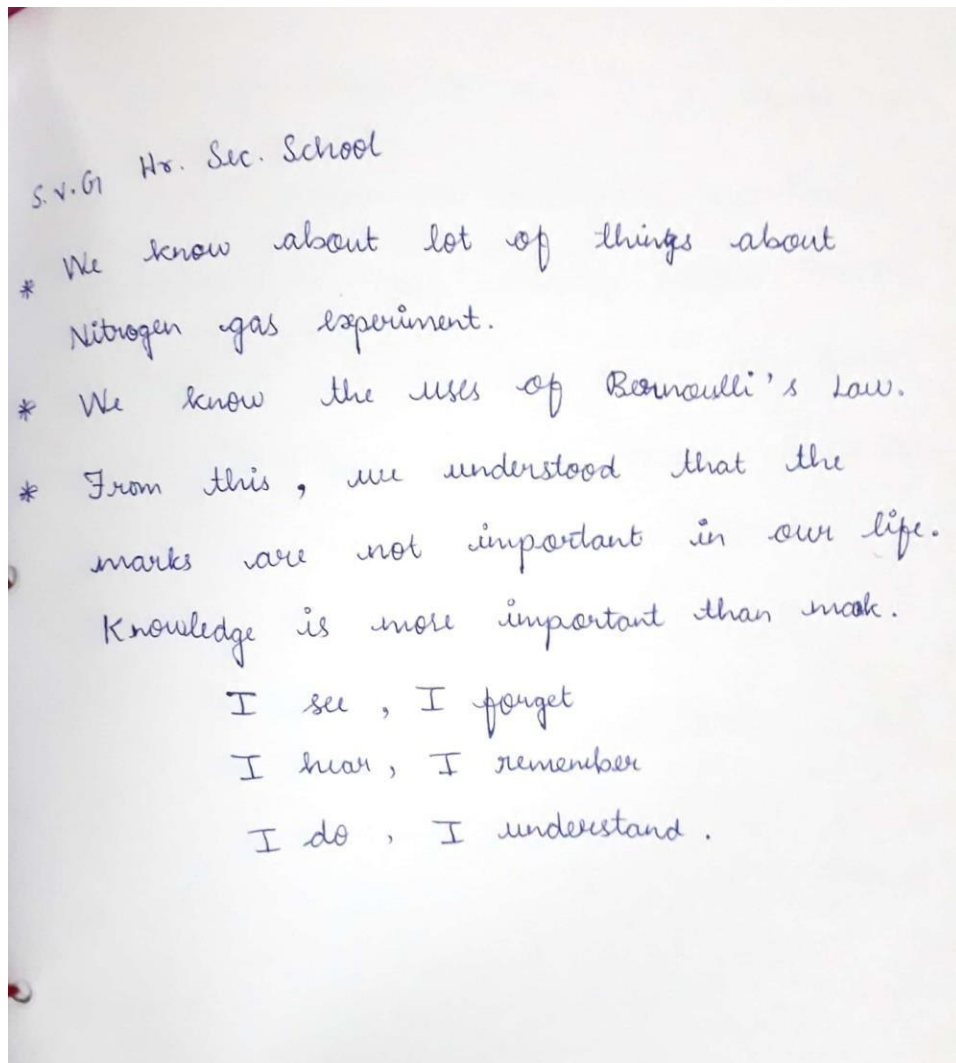

T.S. NATARAJAN
