

2.3.2 ICT enabled Tools used by Teachers– 2020-2021

SAMPLES ONLY

The pandemic has forced the education sector to shift to a virtual and blended mode of teaching and learning. Information and Communication Technology (ICT) has helped to survive and adapt to the new ways of online learning. Teachers and students had to rely on various online platforms to adopt new pedagogical methods to teach and learn.

The teachers have been adopting widespread use of online tools like Zoom, Microsoft Teams, Google Classroom, Blackboard, mobile applications and the like. Various national and state-level platforms like NDL, e-PG Pathshala, National Repository of Open Educational Resources (NROER), Massive Open Online Courses (MOOCs), WhatsApp groups, Institutional Group SMS, YouTube and so on.

Simple Epidemic Model

Let

$I(t)$ → the no. of infected persons at time 't'

$S(t)$ → the no. of susceptibles at time 't'

We assume initially * $I(0) = 1$; $s(0) = n$.

→ $I(t) + S(t) = 1+n$.

The no. of infected persons increases at a rate proportional to product of infected and susceptible persons.

Chemical Kinetics - An Introduction

01 Rate of the Reaction
The equation which relates the rate of a reaction to the concentration of reactants

02 Order of the Reaction
The sum of powers of the concentration of the reactants in the rate law expression

03 Molecularity
The number of ions or molecules that take part in the rate-determining step

Quiz

Online using **QUIZZ**

Dr. A. Vadivukarasi, Assistant Professor of English

<https://quizizz.com/admin/quiz/60b5ada8b5d7f7001f527cea/o-captain-my-captain>

The screenshot shows the Quizizz admin interface. At the top, there's a search bar and navigation options like 'Quizizz library', 'Enter code', 'Log in', and 'Sign up'. The main content area displays a quiz titled 'O Captain! My Captain!' by Dr. A. Vadivukarasi, with a 47% average accuracy and 2 plays. Below the quiz title, there are two main buttons: 'Start a live quiz' (labeled 'INSTRUCTOR LED SESSION') and 'Assign homework' (labeled 'ASYNCHRONOUS LEARNING'). The quiz details include '18 questions', 'Show answers', and 'Preview' options. A list of questions is visible, starting with a multiple-choice question about the speaker's description of a captain who dies after the Civil War. The interface also features a sidebar with navigation options like 'Explore', 'My library', 'Reports', 'Classes', 'Settings', and 'More'. A promotional banner for 'Upgrade to SUPER' is visible on the right side.

Google Forms

Dr. K. Kaliammal, Associate Professor of Economics

The screenshot shows a Google Form titled 'Quiz - Macro Economics'. The form has a header with 'Questions', 'Responses', and 'Settings' tabs. Below the header, there's a question field with a placeholder image. The form also includes an 'Email*' field for collecting responses and a note stating 'This form is collecting emails. Change settings'. The form is set to 'Send' and has a total of 10 points.

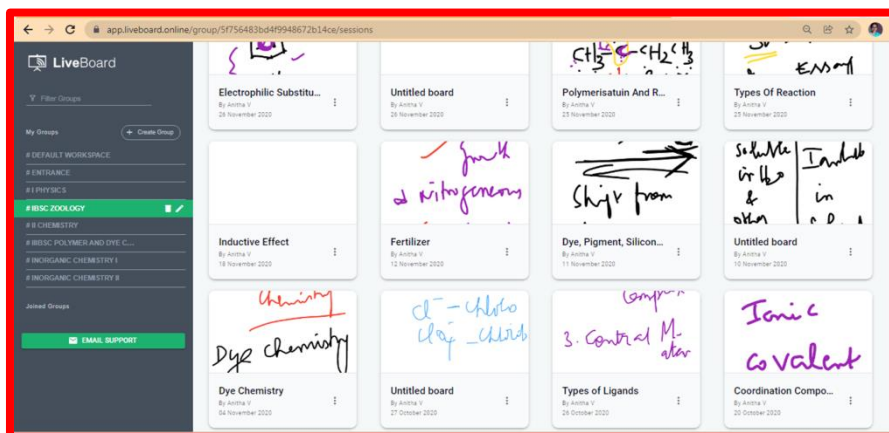

Padlet <https://padlet.com/anithagvgvc/dx5yax61xj9la2n>

The screenshot shows a Padlet board titled 'Dye Chemistry II'. The board contains several notes and images related to dye chemistry. The notes include definitions of food colorants, carbocyanine, and cyanine dyes, as well as their uses and properties. The board also features a chemical structure diagram of a cyanine dye. The notes are organized into a grid layout, and the board is set to 'Private'.
