Personal counseling plays a significant role in the personal and social well-being of the students. The distinct feature of Sri GVG Visalakshi College is the mentor system which was introduced from the inception of autonomy. This is one of the most effective systems functioning in the institution that bridges the gap between the students and teaching community. Each faculty (tutor) member is assigned a group of students as their wards. The interactions between them help the wards to improve the record of their activities, both in academic & personal fronts.

The mentor system in the college has been functioning effectively with the allotment of wards to every faculty. The activities are monitored by the Head of the Department and the Principal.

### Functioning of Mentor System

The mentor system for the wards provides confidentiality and space for the students to reveal their problems, academic and personal - physical, mental, financial, situational, social etc.

- The Mentor and ward allotment is done according to the staff -student ratio.

- The teacher collects personal information from her ward. The teacher meets her wards informally outside class hours.
- The rules and regulations, welfare measures and various scholarships available and the ways to go about them are explained to the wards.
- The Mentor meets their wards in a time bound manner, analyses their academic, personal issues and addresses to their problems
- The students address their difficulties to their faculty in-charge or mentor and the required solution is sought in the form of counseling, remedial classes, Meditation and Yoga, Financial aid etc.,
- In specific cases the parents are called and counseling is provided to them also.
- The academic performance is monitored and remedial coaching is provided for the slow learners.
- Heads of the Departments are informed and they extend their help and support to the students through counseling.
- Students have the opportunity to interact with lady doctors for counseling whenever necessary.
- In certain cases apart from the mentor and the Head of the Department, the Principal also provides counseling.
- A record of the counseling given to the students is maintained in all the departments.
- Hostel wardens are trained and advised to take care of the needs of the students so as to keep them at ease. Wardens update the principal, frequently, regarding the activities of the students in the hostel.
- Student union office bearers also play a role in offering counseling to their juniors when they hesitate to approach the faculty.

### **Faculty**

## **Common Room**

A common room is provided for faculty and students to relax during the break hours. This room contains all the facilities for taking rest when the faculty/students are sick. These rooms are also used to refresh during cultural events or other occasions.

Mrs.M.Sathyavani, Advocate, Udumalpet was acted as a Resource Person for this webinar. The programme was started with welcome address by Dr.M.Nirmala, Assistant Professor of Physics. There are several laws in India that give women the authority to fight against abuse, discrimination, violence, harassment, indignities, etc. Being aware of them is the first step towards fighting against any injustice. Laws promulgated for the well being of women have been laid down, but many of them are unaware of these. We are conducting this webinar to create the awareness about the women rights among the students and society.

She appealed to women to make use of constitutional and legal provisions women. She asks students to don't get confined in four walls of the home. Now there is a day of gender equality, so everybody accept it act accordingly. She gives important tips to working ladies to avoid trouble at the workplace. She says that there is not a single field where lady cant work. She should assume herself strong and competent to face any challenge.

She highlighted various issues and challenges that enhance women's vulnerability in a patriarchal society, Specific impact of Pandemics of roles of women at home during lockdown, Indigenous knowledge carried by women, it's possible utilization through participatory mode of responsibility and accountability sharing, Insecurity with regard to physical and sexual abuse in study centers and working places, brining financial security and decision making capabilities for them. A heartfelt Thanks to the Management, Academicians &  
students for having a cheerful moment in sharing my  
views in the topic "Corporate Social Responsibility". I  
sincerely appreciate the participation of the students, as  
they gave their response in the virtual session, which  
I have not experienced in the past few months. The  
students were so interactive, thereby answering the  
questions, expressing their views etc. The head of the  
department Prof. B. V. Maheswari & the faculty members  
of the Department assured a comfortable & technically  
clear & error free arrangement, which helped me a  
lot in sharing the information with the students.  
Once again a soulful Thanks to the Management,  
Principal, Head of the Department, Faculty members and  
the students for their support & presence.

Awaiting for the opportunities for knowledge  
sharing in future
