Action Taken Report

2021-2022

Stakeholders	Feedback	Action Taken
BoS Members	Include course with problem solving in storage and transfer of information.	Elective III - Coding Theory is introduced
Industry Expert	Industry based courses	Elective II - Stochastic Process, Elective IV - Transforms and Signals are introduced
Alumni	Include course to support group project.	SEC I Professional English for Mathematics is introduced.
Students	Mathematical Statistics in detail will be advantageous for them to appear for NET/SLET and other Competitive examinations	Mathematical Statistics I and Mathematical Statistics II are offered as Allied III and Allied IV respectively.
External Members	Course that improve problem solving skill in Skill enhancement course	SEC III Sequences and Series is introduced
Faculty	Introduce Interdepartmental Course	Cluster Course Elective III Programming with Python is offered for Physics and Mathematics Programmes in semester VI.
	MOOC Courses can be introduced as Optional Course	For PG in Semester II ALC I - Financial Mathematics and Semester IV ALC II Computational Mathematics Laboratory are introduced and MOOCs Course introduced as an option
