UG Action Taken Report - 2022-2023

Stakeholders	Feedback	Action Taken
BoS Members	SEC Professional English can be replaced	SEC - I Professional English is replaced by Apiculture.
Industry Expert	Instead of combined paper SEC -III Ornamental fishes and Poultry farming can be introduced with individual paper	SEC -II Ornamental fishes & SEC - III Poultry farming introduced
Alumni	Elective - I Cluster Course - Nursery techniques, Vectors and Diseases can be changed	Elective - I Cluster Course - Nursery techniques, Vectors and Diseases is replaced by Clinical laboratory Techniques.
Students	Core XIII Sericulture can be changed as Optional for Elective course	Core XIII Sericulture is changed as Optional for Elective course
External Members	Core XI Microbiology and Immunology can be split into two papers	Core XI Microbiology and Immunology is split into Core XI Microbiology and Core XII Immunology
Faculty	New Practicals can be introduced in Core I ,II ,III and Elective Practicals	New Practicals were introduced in Core I ,II ,III and Elective Practicals

PG Action Taken Report - 2022-2023

Stakeholders	Feedback	Action Taken
BoS Members	Recommended to change the Nomenclature of structure and Function of Invertebrates (Core I)	Title of course is changed to functional Morphology of Invertebrates
Industry Expert	Recommended to change the Nomenclature of structure and Functions of Vertebrates (Core II)	Title of course changed to functional Morphology of Vertebrates
Alumni	Molecular tools may be excluded (Core III)	Excluded the topic molecular tools in conservation. In Unit V of the Course Animal Biodiversity and Conservation (Core III)
Students	Human Health and Disaster management may be includes (Core IV)	Inclusion of the Topic Human Health and Disaster Management in the Unit V of the course Environmental Biology (Core IV)
External Members	Electrostatic Interaction between membrane may be includes (Core V)	Inclusion of Electrostatic Interaction between membrane surfaces. In Unit 1 and Inclusion of Bomb Calorimetry. In Unit V of the course Biochemistry (Core VI)
Faculty	Recommended to Include Genetic Analysis in Unit VI (Core VII)	Inclusion of genetic Analysis. In Unit VI of the course Cell and Molecular Biology (Core VII)
	Recommended to Included the topic Morphogenic Movement (Unit 1) (Core VIII)	Inclusion of Morphogenic Movement in Unit 1 of the course Development Biology (Core VIII)
	Recommended to Included the topic Physical, Chemical and Neural Regulation in Unit IV and Include hormonal control of Gastric Metabolism in Unit V (Core IX)	Inclusion of the topic Physical, Chemical and Neural Regulation in Unit IV and Include hormonal control of Gastric Metabolism in Unit V (Core IX)
	Recommended to Include the topic Classical and Alternative Pathways and Immunological Significance in Unit IV and include Tumour Immunology in Unit V (Core X)	Inclusion of Classical and Alternative Pathways and Immunological Significance in Unit IV and include Tumour Immunology in Unit V (Core X)
	RNA Processing In Unit V may be Includes (Core XI)	Inclusions of RNA Processing In Unit V may be Includes (Core XI)

	Recommended to change the Nomenclature of the course (Core XII)	Title of the course is changed to Animal Phylogeny and Evolution (Core XII)
	Recommended to include the topic different Leucocyte count in Immunological Practicals (Core IV Practical)	Inclusion of the Practical different count in Immunology Practical of the Course Core IV Practical
