**Memorandum of Understanding between Department of Zoology  
Sri GVG Visalakshi College for Women (Autonomous) and Centre for Bioscience  
and Nanoscience Research**

This memorandum of understanding, effective upon the date of signing, is entered between the Department of Zoology, Sri GVG Visalakshi College for Women (Autonomous), Udumalpet, a well furnished instrumental Department of Zoology, Sri GVG Visalakshi College for Women (Autonomous), Udumalpet, and Centre for Bioscience and Nanoscience Research (CBNR), reputed Research Institute in Coimbatore works with a vision "Towards Excellence" having a principal location at Eachanari, Coimbatore - 21.

### Terms of Reference:

The Department of Zoology, Sri GVG Visalakshi College for Women (Autonomous), Udumalpet herein after called the COLLEGE and the Centre for Bioscience and Nanoscience Research, Coimbatore, herein after called the (CBNR).

- The esteemed COLLEGE with qualified competent faculty and enthusiastic student body, have a history of collaboration and cooperation in education, research and public service (extension activities)
- The COLLEGE is committed to strengthen its recognized educational Institution, through increased interaction with esteemed institutions like Tamil Nadu Agricultural University, Coimbatore for conducting certificate course in Organic Farming, Internship Training in Apiculture, and training in medical laboratories and hospitals which seek to foster individual productive skills of the under graduate students and leads to improve the placement opportunities in diversified sectors.
- It is the intent of the Director of (CBNR) and the Head of the Institution Sri GVG Visalakshi College for Women (Autonomous), Udumalpet to expand on research education, multi skill incorporation, exploration of resources by sustainable management, eco friendliness and women empowerment.

### Objectives:

- Promoting interaction between the COLLEGE and (CBNR ) in mutually beneficial area of research, internship and initiate joint (pilot) projects in this realm.
- Sharing knowledge and capability in the concern areas for mutual benefits and become trusted partners in the area of knowledge and skill enrichment.
- Conducting workshops, hands on training and seminars for the students to identify their innate capabilities and lead them towards small scale entrepreneurs.
- Creating self employment opportunities a much desired need and training for exquisite quality home makers.
- Inculcating learning by doing and doing by learning, leading to life style modification.
- To arrange and offer training programmes under technical skills and research expertise to the students, scholars and teaching and non-teaching faculties

#### • COLLEGE- (CBNR) Advisory Board:

For effective implementation of the programmes an Advisory Board is to be constituted. The Head of the Department of Zoology and the staff members of the department of the COLLEGE will be inducted into the Advisory Board as members. The Principal will be the Chairperson of this Board. The Director of (CBNR) will also be inducted into this Advisory Board. The Advisory Board will lay down policy guide lines, suggesting measures for raising funds, effective utilization of facilities and expertise available in the COLLEGE and (CBNR) and sourcing of expertise and facilities from outside the region. The Advisory Board will meet as and when required. The Head of the Department of Zoology of the COLLEGE is the Convener of the Board. She will convene the Board meeting and inform the members as and when required. She will prepare the minutes of the meetings.

#### Programme Development:

1. CBNR will provide support for designing the course curriculum in the COLLEGE, which would be relevant for industry. To achieve this, members from CBNR will work in close collaboration with faculty members of the COLLEGE.
2. CBNR will offer summer/winter internship to interested students of the COLLEGE at its project locations, so that the students get hands on experience of live projects. The number of students, who can be considered for internship, would be mutually decided by CBNR and the COLLEGE every year.
3. Depending on requirement, CBNR may offer specific projects with identified exigency to be executed by the COLLEGE. Detail modalities including financials would be mutually worked out for each project/assignment.
4. After the COLLEGE starts offering courses relevant to the industry in which CBNR operates and based on its requirements, CBNR may participate in campus placements.
5. The CBNR and COLLEGE will periodically assess the needs and draw plans for offering various joint skill development programme to the public also.
6. The members of the CBNR will take part in the conferences, seminars and workshops conducted by the COLLEGE for exchange of knowledge and skill. The faculty and students of the college will also take part in the conferences, seminars and workshops conducted CBNR.

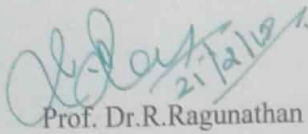

This MOU shall be valid for a period of three years from 21<sup>st</sup> February 2018 and can be renewed for a further of three years on mutual consent.
