Nature of the Activity - Learning Management System

CAMU – A Campus Management Solution

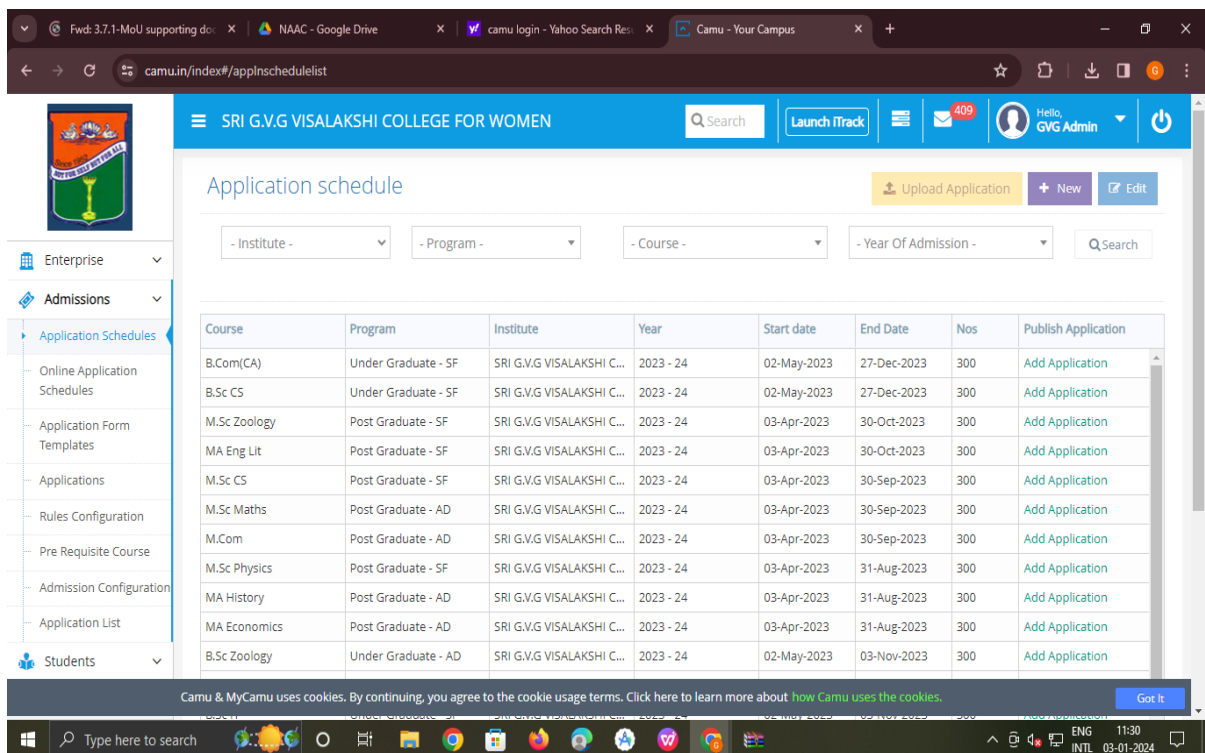

Path to Academic Excellence

Camu is a Campus Management Solution targeted at achieving Academic Excellence. It enables structured academic planning and automatic generation of lesson plans. It provides real time insight to the management on the progress of teaching, homework’s, assignments, projects and student performance. A key design principle – “NO DATA ENTRY. Reduce clerical and administrative work for staff to increase time for quality work”.

A print dialog is open on the right side of the screen, showing settings for printing 67 sheets of paper. The print destination is set to Foxit Reader PDF Pri, and the paper size is A4. The print button is highlighted.

### Assignments:

#### Assignment List

Modules	Feature	Description
Assignments	New Assignments	Ability to assign Homework, projects, activities etc. to students. The staff can track submissions and assign a rating for the submission. Electronic content can be attached and viewed by both staff and students. System automatically sends SMS communication if required and alerts to the mobile phone when assignments are given.

The screenshot shows the 'HomeworkList' page in the Camu LMS. The header includes the college name, a search bar, a 'Launch iTrack' button, a notification bell with 409 alerts, and a user profile for 'Hello, GVG Admin'. The main content area displays a list of assignments with columns for subject, date, and an 'Assign to a Section' link. The left sidebar contains navigation options like Students, Staff, Academic Plan, Assets, Dashboard, and Assignment (with sub-options like Assignment List, Tracker, Config, Approval, Enquiry, Reports, and Security Group).
