

BEST PRACTICE - 1

1. Title of the Practice: **EMBRACING SUSTAINABLE LIFESTYLES FOR A GREENER FUTURE**

2. Objectives of the Practice:

- Implement comprehensive recycling methodologies to manage waste
- Energy and Water conservation.
- Reduce carbon footprint.
- Address campus air pollution due to the proximity of the college to highways
- Embrace renewable energy sources
- Minimize the generation of waste
- Influence aesthetic pleasure and eke out livelihood
- Prioritize educational campaigns and awareness programs to engage the campus community in sustainability efforts
- Encourage organic farming

3. The Context:

Embracing sustainable lifestyles for a greener future prioritizes lowering carbon emissions, utilizing renewable energy, encouraging environmental stewardship, and educating students and communities. To serve as a model for larger sustainability initiatives, this practice seeks to establish an environmentally sustainable campus, educate students, and exhibit environmental responsibility.

4. The Practice:

Recycling:

- Collection and ethical disposal of paper, electronic, and biodegradable waste.
- Provision of recycling bins in key locations across campus
- Organized awareness campaigns like Art Fest-2022 from Waste, **Eco bricks** and wealth, Workshop-Making paper pen, Sale and Exhibition of Eco-Friendly Paper Pens.

Energy Efficiency and Renewable energy measures carried out

- LED fixtures
- Installation of sensors
- Solar panels
- Biogas plant

Waste Management Strategies:

- Vermicomposting unit
- Banned single-use plastics

Water conservation:

- Harvested rainwater is used for laboratories, gardening, hostels, recharge wells, and groundwater.

Sustainable Landscaping:

- Herbal Garden, Rose Garden, Organic Vegetable Garden, and various trees on campus.
- Raising **indoor plants** in all classrooms and departments by **students**, like succulents for air purification.
- Students project to create “Tree Tags”-**101 tree QR tags** for campus trees.
- Regular **Energy and Green audits** for authentication and improvement

Ikebana and Bonsai Exhibition:

The Institution organized a 3-day Exhibition inaugurated by Ms.MamiTeraoka, Culture and Information **Consulate-General of Japan** in Chennai, Mr.Ravindran Damodar, Preseident of South Asian Bonsai Federation, Mrs.Anupama Vedachala, International Bonsai Master. Mrs.Oh ka Meenakshi Devi, Sub Grand Master, Ohara School of Japan. The students were taught the art of **Ikebana and Bonsai nurturing.**

Educational initiatives – Courses on Environmental Studies for all UG students, Natural medication, Environmental Economics, Wildlife conservation and management, Agricultural Economics, Agro-industrial chemistry, Environmental Biology **etc.,**

- Several on-campus activities like **seed ball preparation** and distribution to students and faculty in association with Ananya Trust for **forest conservation.**
- Organic cultivation and sale of vegetables on campus as **sustainable Food Options.**
- **Rooftop gardening** initiatives by distributing kits to faculty and students.
- **31** programmes beyond the campus **conducted with NGOs.**

5. Evidence of Success:

As evidence of successful measures taken towards greening, 4 Green Initiative Awards, Sustainable Mentor Awards, Certificate of Social Responsibility, District Green Champion Award, Best Green Campus Award, Rupees one Lakh sanctioned by Malcolm Elizabeth Adishesaiya trust for the project “Economic assessment of Ground Water pollution in Tirupur District, Collaborative Micro forest project by GVG Environmental club, organic farming at Somavarapatti Village, saving on amount incurred towards Energy.

6. Problems Encountered and Resources required:

- Home Vertical Vegetable garden growing and Miyawaki forest initiatives are yet to be realized despite awareness programs and space and funds constraints.
- Home Rooftop gardening encountered destruction by peacocks and birds. Safety measures taken at home.
- Gradual recognition among students that environmental activities in and out of campus are inclusive and academically relevant

REPORT

Little hands and imagination minds came together in a creative burst of energy during the exhibition -EVS Class. We teachers, focuses to bring them to understand the importance of preserving the environment and learn more about sustainability. We should not throwaway waste things, we could use them again for different purposes and that we should not cause harm to nature. In order to make children aware of uses of waste material, a best out of waste exhibition was organised for students.

I B.Com Students prepared very creative and innovative models and art items from different waste materials, which were then put up in the exhibition. They used reusable and recyclable materials like news papers, shoe boxes, bangles, ice cream stick's and much more. From these items, they created an amazing array of display items and useful everyday objects leaving everyone totally impressed. The values like preservation, recycling, conservation, reduce, reuse etc are imbibed on the young heart and minds by demonstrating this noble act of caring our environment.

REPORT

Green Initiatives & Environmental Club associated with Consumer Awareness Club jointly organized “Art Fest- 2022 From Waste” on behalf of the Green consumer day Celebration. The program’s goal is to encourage our students to make artistic products from waste materials. Almost 100 products are made by our students and displayed for sales. Our revered Madam Principal, Dr. N. Rajeswari inaugurated the function, and all the faculty members supported the sale by purchasing them from the students and made the programme successful.

REPORT

EcoBricks turn used plastic into reusable building blocks ideal for circular & spiral building applications. Eco brick applications range from home furniture, to food-forest gardens to structures. The Eco- Brick was initiated by the Green Initiatives and Environmental Club of Sri GVG Visalakshi College for Women. Our Students from I BSC CS initiated an innovative idea on 15th of January 2023 with the clear aim of observing an envision for a Transition in our Households, Communities and Enterprises from Plastic to ever Greener Harmony with Earth's Cycles.69 students of I BSC CS have collected waste dry products with a good mix of soft and hard plastics because this helps to make them more dense and to fill up the pet bottles colorful appealing look. Students eagerly participate in wealth from waste and they showcased many ideas on the waste products which are very much re- usable and an efficient art work.

EcoBrick Making - Training. (UPCYCLING)
(30/3/22)

EcoBricking is a way to keep our plastic wastes out of biosphere. ~~14~~ Students from various departments has participated in training on EcoBrick making. EcoBrick is a pet bottle packed with clean and dry plastics, which can be used as a building blocks. This programme aims to make the students to be aware of the toxins & microplastics that formed during plastic degradation, and how to solve it using EcoBricking.

Meeting with Class Representatives
 Discussion on Plastic Free Campus - Motivation
 on Eco-friendly practices in Campus
 01/12/2021

On 01.12.2021, a meeting was conveyed with the class representatives of all classes (time: 1:00pm - 2:00pm)

In the meeting students were motivated to discard plastic in college. They were asked to use paper cups or fountain pens, and to bring water in stainless steel bottles and to avoid using plastic lunch boxes.

The class representatives were asked to ensure the same in their respective classes to reduce the simple use plastic and other polluting items on campus.

The students were encouraged to give their ideas to achieve this goal. The students were motivated to participate more in upskilling activities to know more about Environmental issues and how to address it. The importance of recycling plastic into reusable materials was also discussed.

This discussion will have inspired students to adopt sustainable values within their own lives and empower them through out the art of negotiation & self guided research.

76 students has participated and shared their ideas.

Workshop on Home Gardening & Organic Farming
 "SOWING SEEDS OF EMPOWERMENT"
 (WOMEN'S DAY - 2022)
 11/3/22

Workshop on Home Gardening and Organic Farming was convened on the topic "Sowing seeds of empowerment" on 11/3/2022. Mr. PREMAMOND, Director, Poonamallee Integrated, (NAG) has delivered talk and hands on training was given to use pet bottles as planters for home gardening.

This training focuses on Women empowerment, Eco friendly gardening techniques, water conservation during gardening, upcycling of pet bottles as planters, innovation in gardening topography like vertical gardening.

For this workshop, pet bottles were brought by participating students. Grow bags (coconut) were given to students. The coconut after being immersed in water, it was kept in pet bottle planters and the seed was sowed in it.

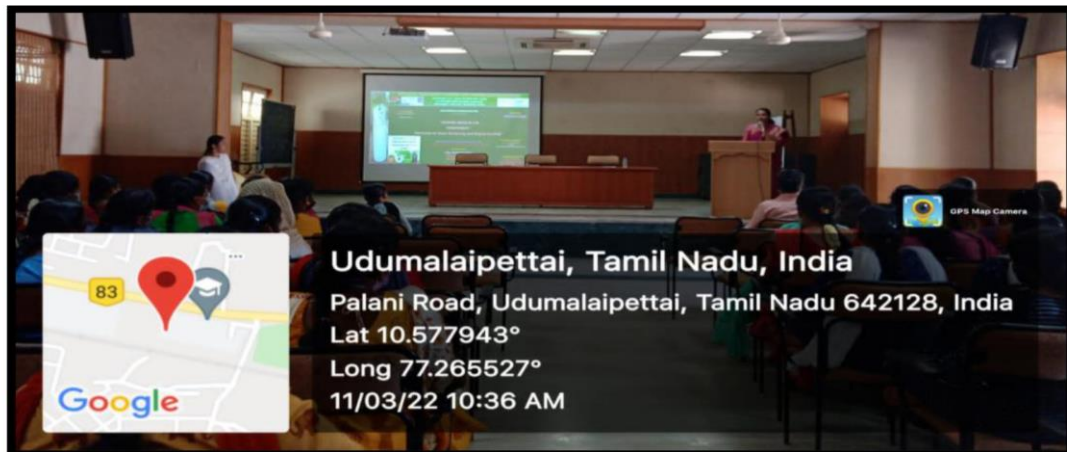

This workshop gave an idea about gardening without soil, Terrace gardening, vertical gardening, Scope of nursery business, and how gardening can be developed into a full time occupation.

193 students (from IUG) has attended this programme.

MOTIVATION THROUGH APPRECIATION
 "INSPIRING CYCLISTS"
 (02/12/21)

National Pollution Control Day is observed annually on December 2, to remember the people who lost lives during 1984 Bhopal gas Tragedy. It is also the day to raise awareness about the hazards of air pollution.

While more measures need to be taken to address this problem, it is important to make lifestyle changes from harmful effects of pollution. To instill the importance of change in attitude and behaviour towards sustainability, the students were asked to come to college by walk or to use public transport or bicycle on 02/12/2021, as the emissions from motor vehicles can contribute health problems and Green house effect.

Many students has avoided using their motor vehicles and came by bus/walk. The students who came by bicycle were encouraged by giving paper pens, and was appreciated in front of their classmates, because appreciation is the best and highest form of motivation. This activity of appreciation would have inspired other students who hesitated to come by cycle as they think that it reflects the socioeconomic status of them. Now the attitude may change and now they realise they can gain status by cycling. Come by bicycle/walk signals that they are modern and Environmentally aware.

Name of the Event : Tree Sapling Distribution on “World Ozone Day”
Date of the Event : 16.09.2022
Location : Sri. G.V.G. Visalakshi College for Women, Udumalpet-642128

REPORT

To commemorate Ozone Day on September 16, 2022, the Green Initiatives & Environmental Club organized Tree Sapling Distribution. The program's objective is to help our students to recognize the benefits of plants and to increase awareness of the ozone layer. When faculty members gave the students various plants, the students were grateful. Ms. T. Ilakkiya of III B. Com(Aided), our club secretary, gave a talk on the Ozone effects on the environment. With the assistance of the staff and students, the event was a success.

Commemoration of Ozone Day
SAPLING DISTRIBUTION - 16/09/2021

World Ozone day is observed on September 16 every year. To spread awareness among students about the depletion of Ozone layer, the saplings (50) were distributed among students during assembly. A small talk was given on the importance of Trees in contributing oxygen to the environment and carbon sequestration. The saplings were distributed by Principal Dr. N. Rajeswari.

The saplings were donated by Forest office, Udumalpet. The students were asked to monitor the growth and maintenance of the saplings distributed.

Department of Economics
 Extension Report 2019-2020

Trees contribute to their environment by providing oxygen, improving air quality, climate amelioration, conserving water, preserving soil, and supporting wildlife. During the process of photosynthesis, trees take in carbon dioxide and produce the oxygen we breathe.

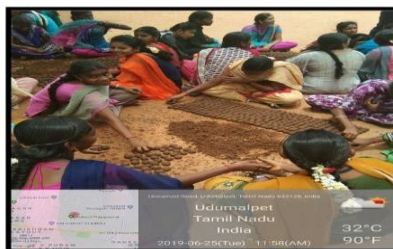

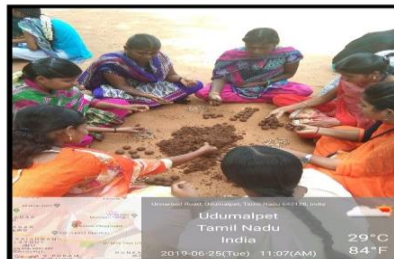

With the understanding of the importance of nature and trees, to plant more and more trees 32 students of III B.A Economics participated in Seed Ball Preparation arranged by Rajalakshmi Genguswamy Matric Higher Secondary School, Udumalpet on 25.06.2019.

INVITATION

Name of the Event : Organic Vegetable Sale
Date : 20.01.2023
Venue : College Premise
Beneficiary : Students & Faculty Members

Name of the Event: Organic Vegetable Sale
Date of the Event: 20.01.2023
Location: Sri. GVG. Visalakshi College for Women, Udumalpet-642128

REPORT

The 11th organic vegetable sales were organized by the Green Initiative and Environmental Club on 20.01.2022, at 3.30 p.m. on the college campus. Students and staff together happily bought the organic vegetables and fruit. Plenty of new organic fruits and vegetables were introduced in sale. Sales is intended to promote sustainable agriculture, stop chemical contamination, and eliminate hazardous residues by encouraging students and staff to consume more organic foods on a regular basis.
