

INSTITUTIONAL DISTINCTIVENESS

Bridging the Gap: Engaging Students and Communities through Socially Responsible Curriculum Integration

Sri G.V.G Visalakshi College for Women with its 72 years of educational legacy envisions to empower women to be socially responsible citizens.

The college seamlessly strives to realize a transformation in the society by educating young women through a quality curriculum.

Envisaging the paradigm shift in educational scenario the Institution is committed to provide socially responsible transformative curriculum by offering 2 credits for outreach activities that includes service-learning projects, community-based research, internships and outreach programmes that enable students to engage directly with community issues, fostering a sense of responsibility towards society.

1) The DBT star college scheme (2018-2022) implemented at our institution effectively empowers students for advanced education and careers, bridging gaps in science education from early schooling.

Major objectives of the scheme is to

- Develop standard curriculum.
- Provide practical training into the curriculum.
- Enhance conceptual understanding through small-scale projects.
- Visits to industries, research institutions, or places of academic value.
- Face-to-face discussions with eminent scientists, and career counselling
- Networking with other institutions through MoU's
- Provide them clear roadmap towards higher education and research.
- Popularizing Science

Four science departments, Zoology, Physics, Chemistry and Mathematics are covered under this scheme with fund amounting to Rs.4500024.

These departments' curriculum included interactive and experiential learning elements such as group projects, internships, expert lectures, hands-on training, community visits, and scientific exhibitions.

- To impart knowledge and to infuse skills 34 hands on training and workshops were conducted.
- To give them a practical exposure 49 field visits were undertaken.
- Group projects were carried out to incorporate team works and to apply conceptual theory into practices 180 group projects were done.
- To bring out creative, critical and analytical skills to students they are encouraged to publish articles. 23 publications were brought out.
- To expose them to expertise and recent trends in their respective courses 80 expert lectures were drawn in.
- To cater to capacity building of the faculty 195 Faculty Development Programmes were organised.
- Internships, Exhibitions, Outreach activities were carried out to assess their knowledge of application.
- Mentored 3 colleges, as a part of reaching out to academic fellowships.

Outcome:

- The success stories of our students are illustrated through the recognition of following apex bodies TNSCST, CECRI-Karaikudi, IIT-Delhi and Madras, ICTS and TIFR-Bangalore, IISER-Mohali, Trivandrum, and Andrapradesh, INSA, IITDM Kancheepuram, CSIR-SRTP as project fellows, as research associates and visiting scientists.
- The activities under strengthening component of star college scheme has earned the **Star status** for the college in the year 2022 with funding of Rs.1.25crores.

The exposure of the students to the community through their services is the hall mark of this DST Scheme.

2) **Young scientist student programme** is an initiative of Tamilnadu State Council for Science and Technology towards bridging the gap between school and college education through Promotion and development of Science and Technology.

- Institution was selected to conduct the two weeks training programme for 80 Class IX students from various schools of two districts.
- Students were made to work on Scientific Exhibits/Models.
- More than 50 models and Scientific exhibits showcased the excellence of students learning from the program. Our students supported them in creating models.

3) **Community outreach programme** is a part of **curriculum mandate** for the final year students.

- It opens up opportunities to address community needs while **earning academic credit**.
- It was planned to conduct community outreach programs by addressing the gaps in implementing government schemes and also to create awareness on financial literacy for empowerment of women
- The major focus was on **54** Central and State government schemes. Students advocate for social welfare schemes to raise awareness and accessibility among villagers lacking benefits.

Implementation Methodology: Each department identified neighbouring villages where there are **gaps in accessing the government schemes**, schemes offered by banks and educational literacy.

The gaps are addressed through outreach for covering all aspects like environmental, health, national integrity, human values, gender sensitization and were also taught to meet the challenges of disaster management and to cope with current trend in digital literacy.

4) Funded research projects of students with social impact:

- Inequalities in Home Learning Experience During Covid-19: Time Use Pattern of Children and Parents in Investment on Human Capital in Tamil Nadu (Rs.One Lakh)
- Economic Assessment of Ground Water Pollution with Special Reference to Tiruppur District - Malcom & Elizabeth Adiseshiah Trust (Rs.One Lakh)

5) Under Part IV in the curriculum, fostering value based education UGC-Community College offered certificate course on child care and creache management. As an outcome, the first day care center “TotVille” was established in Udumalpet.

6) Under Part V of the curriculum Institution entered into a **MoU with rehabilitation** for people with neurological disorders to expose students to serve them and to engage them in bajans, story-telling and book reading besides supporting them with goods and finance.

7) Through Unnath Bharath Abhiyan, 5 villages were provided services to engage infelt and unfelt needs of villagers.

8) Faculty advocacy:

The college was identified as a Mentor institution under **UGC PARAMARSH SCHEME in 2019** by the UGC for mentoring and facilitating **six Mentee Institutions** aspiring for **NAAC accreditation**.

- **MoU's** were signed with the following mentee Institutions,
 - Maharani Arts and Science College,Tiruppur.
 - Sree Abiraami Arts and Science College for Women,Gudiyattam.
 - Pollachi College of Arts and Science,Pollachi
 - RVS Kumaran Arts and Science, College,Dindigul
 - Cheran College for Women,Tiruppur.
 - Rev.Jacob Memorial Christian College,Ambilikkai

- Action plans for mentoring the institutions were drafted by IQAC.
- Meetings were conducted at Mentor and Mentee institutions to **bridge the gap regarding accreditation process**.
- Workshops, training Sessions, Institutional visits, Demonstrations on ICT-Enabled Classroom, etc., were conducted.
- Seamless training through a series of Webinar sessions were provided on the Seven Criteria of NAAC assessment during the pandemic COVID-19.
- Regular audits were conducted when lock down rules were relaxed.

Outcome: Two of mentee institutions Sree Abiraami Arts and Science College for Women, and Rev.Jacob Memorial Christian Collegewere accredited with B++ and B Grades by NAAC in 2023 and others are in pipeline.

The socially responsible curriculum advocated through Part I-V ensured both the students and the community they could reach out to the unreached.

Letter No. TNSCST/YSSP/ DR/2022-2023 *401*

To
The Principal,
Sri G.V.G. Visalakshi College for Women,
Udumalpet - 642 128

Sir,
Sub: Tamil Nadu State Council for Science and Technology - Young Students Scientist Programme 2022-23 — Approval – Reg.
Ref: Chairman approval date 25.10.2023

As you are aware, Tamilnadu State Council for Science and Technology, an autonomous apex body of Government of Tamilnadu has been supporting various activities in our State for the promotion and development of Science and Technology. In this regard, I am happy to inform you that your institution has been selected as a Programme Center for the conduct of YSSP for 15 days for the benefit of students from Tiruppur & Karur districts. A sum of Rs.3,00,000/- (Rupees Three lakhs only) has been sanctioned for the above. The Council is planning to conduct the programme during winter holidays of 2023, and the details of the programme is enclosed herewith.

You have nominated Dr. S. Aram, Associate Professor, Department of Physics, as Co-ordinator of the above programme. Please confirm, the communication details (Office and Personal) of Head of the institution and Co-ordinator of the programme such as Phone No., Email etc., may be intimated to the Council at the earliest. A meeting of co-ordinators will be organized for the above scheme at the Council office in due course wherein the programme schedule, guidelines for the conduct of the programme and other aspects will be discussed.

Thanking you,

rc
16-11/23

Yours faithfully

Member Secretary

YOUNG STUDENT SCIENTISTS PROGRAMME (YSSP)

Tamilnadu State Council for Science and Technology has been implementing the scheme Young Student Scientists Programme (YSSP) to motivate school students towards Science and research. Through this scheme school students who show potential in science are provided exposure to the science and research.

Under the scheme, 40 Young students studying in IX std. in Government schools and other schools located in rural areas are selected from each district based on their Marks in Science subjects. Totally 80 students will be trained in 1 centre. They are given special training on science subjects such as physics, chemistry, mathematics, biology, environmental sciences and computer science for a period of 15 days by the faculty members of the Universities / Colleges / Research Institutes and others. The students are provided with boarding and lodging at Programme Centers (University or College) selected for this purpose. The students are given theoretical instruction during morning sessions and the afternoons are spent on practical work where they are allowed to do the experiments independently.

Towards the end of the programme, the students are divided into groups and they are made to work on science exhibits / models in different subjects. Students can be attached to a mentor who will guide him or her in pursuing a scientific career. An exhibition of the models made by the students during the programme is arranged during the valedictory function of the programme.

ABOUT YSSP

Tamilnadu State Council for Science and Technology
and
Sri G.V.G. Visalakshi College for Women
Autonomous & Affiliated to Bharathiar University
Re-Accredited at A+ Grade by NAAC (Fourth Cycle), DBT Star Status College
Udumalpet.

Jointly Organizes

Young Student Scientist Programme - YSSP 2023
From 27th December 2023 to 10th January 2024
(For the students of IX standard from Tiruppur and Karur Districts)
Inauguration on 27.12.2023, Wednesday at 11:00 am
@ Sri GVGVC Conference Hall

Smt.Samathi Krishnaprasad
Managing Trustee cum Secretary
will preside over the function.

Dr.S.Aram
Associate Professor & Head, Department of Physics, Co-ordinator- YSSP 2023
will welcome the gathering.

Dr.J.Manjula
Director, Sri GVGVC
has kindly consented to inaugurate the function

Dr.N.Ponpandian
Professor & Head, Department of Nanoscience and Technology,
Controller of Examinations, Bharathiar University
has kindly consented to be the guest of honour.

Dr.N.Lakshmi
Principal i/c, Sri GVGVC

Mrs.N.Geetha
Chief Educational Officer, Tiruppur.
will felicitate the function.

Dr.P.Padmavathi
Associate Professor of Mathematics
will propose vote of thanks.
All are cordially invited.

YSSP INAGUARATION INVITATION

TAMILNADU STATE COUNCIL FOR SCIENCE AND TECHNOLOGY

YSSP INAGUARATION PROGRAMME SHEET

YSSP ACTIVITY REPORT

Sri G.V.G Visalakshi College for Women, Udumalpet

Young Student Scientist Programme (YSSP)

Report – 27.12.2023

Sri G.V.G Visalakshi College for Women and Tamilnadu State Council for Science and Technology jointly organised Young Student Scientist Programme – YSSP 2023 from 27th December 2023 to 10th January 2024 for the students of IX standard from Tiruppur and Karur districts. The inauguration programme was conducted on 27.12.2023 under the august presence of Managing Trustee and Secretary Smt. Sumathi Krishnaprasad. Co-ordinator of YSSP, Dr. S. Aram, Associate Professor & Head, Department of Physics, welcomed the gathering. Director Dr. J. Manjula delivered the presidential address and Principal Dr. N. Lakshmi felicitated the gathering. Dr. N. Ponpandian, Professor & Head, Department of Nano Science and Technology, Controller of Examinations, Bharathiar University, honoured as the Chief Guest of this Programme. He explained the importance of Science and its crucial role for the future world. 80 students of various Government Schools from Tiruppur and Karur districts were benefitted out of this programme and District Educational Officer Thiru. Bakthavachalam felicitated the gathering. Dr. P. Padmavathi, Associate Professor of Mathematics, Assistant Co-ordinator of YSSP, delivered the vote of thanks and the programme ended successfully with the National Anthem.

Report – 28.12.2023

With the mission of promoting awareness on Science among the school students Sri G.V.G Visalakshi College for Women organized the second day programme of YSSP 2023 on 28.12.2023. The Chief Guest of the day Dr. P. A. Daniel discussed on the topic *How Nature Works?* and shared many ideas among the students on Science and its nuances. He elaborated on nature and wildlife conservation through maps and discussed about the condition of wild animals and ecology. He also motivated the students through various play way activity methods. In the afternoon, Dr. S. Kalaichelvi, Head & Associate Professor, Department of Zoology explained about micro-organisms, fungi and yeast through compound microscope and practical methods. Then the students visited the Department of Botany and learnt about observing the leaves

ACTIVITY REPORT – PAGE 1

through microscope. 80 government school students of Tirupur and Karur districts participated and benefitted out of these sessions.

Report – 29.12.2023

The third day of Young Student Scientist Programme – YSSP 2023 was hosted successfully in Sri G.V.G Visalakshi College for Women on 29.12.2023. Dr. S. Kalaichelvi, Head & Associate Professor, Department of Zoology delivered the welcome note and Dr. Rajarama Subbu, Chief Guest of the day delivered his address on the topic *Value of Biodiversity*. He disseminated on different types of plants, forest types, animal types and their importance, fungi types, how animals and plants should be preserved in nature. In the afternoon session of the day, Dr. R. Gomathi, Assistant Professor, Department of Botany explained the details of the anatomy of leaves through a microscope. Dr. S. Kalaichelvi elaborated on how the leaves can be processed through the herbarium.

Report – 30.12.2024

The fourth day of Young Student Scientist Programme – YSSP 2023 organised by Sri G.V.G Visalakshi College for Women on 30.12.2023 started with a welcome note and special address by Dr. P. Padmavathi, Associate Professor, Assistant Co-ordinator of YSSP, Department of Mathematics. She discussed on the topic *Applications of Mathematics in Daily Life* and broadly explained the importance of Mathematics and its necessity in daily life. Students interacted a lot and she gave some activities and mathematics based tasks to feed their enthusiasm. In the afternoon session, Mrs. Kaleeswari, a retired school teacher taught basic grammar concepts to the students.

Report – 2.1.2024

In the Young Student Scientist Programme – YSSP 2023 conducted on 2.1.2024 in Sri G.V.G Visalakshi College for Women, the Department of Chemistry invited Dr. A. Thirumurthi, Associate Professor, as the Chief Guest of the day. He discussed on the topic *Chemistry and its various Specialties* and enlightened the students on classification table of chemical elements and how carbon and its compounds are classified. He clearly explained to the students about the classification of elements, the elements in the table and the scientists who discovered them. Also, he shared some ideas about the types of various compounds and their characteristics. Further, he said about the Young Scientist Awardees and that really motivated the young beneficiaries.

ACTIVITY REPORT – PAGE 2

Report – 3.1.2024

The YSSP programme organised by Sri G.V.G Visalakshi College for Women on 3.1.2024 started with a welcome address delivered by Dr. M. Karpagadevi, Assistant Professor, Department of Mathematics. Special guests of the day, retired school teacher Mr. Balakrishnan and Mr. Lakshmanan, School Teacher, Pulavadi explained the importance of Mathematics in today's world to the students. Dr. P. Padmavathi, Associate Professor, Department of Mathematics, Assistant Co-ordinator of YSSP, guided towards the successful completion of the programme and Dr. R. Baranitha, Assistant Professor, Department of Mathematics delivered the vote of thanks.

Report – 4.1.2024

In the Young Student Scientist Programme - YSSP 2023 hosted on 4.1.2024 in Sri G.V.G Visalakshi College for Women, Co-ordinator of YSSP, Dr. S. Aram, Associate Professor & Head, Department of Physics arranged for the session on basic understanding of Physics and its aspects. The day started with a welcome address delivered by Dr. M. Nirmala, Assistant Professor, Department of Physics. The chief guest of the day Dr. M. Mahendran, Head, Department of Physics, Thyagaraja Engineering College, Madurai, elaborated on the topic *Physics at Home*. He discussed on the importance of learning Physics with proper understanding and shared about the concepts of modern science and nano technology with the examples from day to day life. The session was highly pleasing and simple and the students enjoyed a lot. Dr. N. Pavithra, Assistant Professor, Department of physics, delivered the vote of thanks.

Report 5.1.2024

The YSSP programme organised by Sri G.V.G Visalakshi College for Women on 5.1.2024 was about the *Atomic Structure and Chemical Bonding* by the Department of Chemistry. Dr. M. Karunanidhi honoured as the chief guest of the session. He clearly explained about the nuclear system, nuclear power plants and their functions. He also discussed about various chemical bonds, their properties and types.

ACTIVITY REPORT – PAGE 3

Report – 8.1.2024

The Young Student Scientists Camp held at Sri GVG Visalakshi Women's College on 8.1.2024 was aimed at promoting awareness among the students in the concepts of Computer Science and its Applications. The programme was initiated with a welcome address by Ms. C. Rasika of III B.Sc. Computer Science. Dr. K. Manimekalai, Head of the Department, Department of Computer Applications explained the various stages of development of computer. Mr. R. Sindan, Chief Guest of the day, Power Point presentation trainer, delivered the special address. He gave the pupils information about the animation. He led the kids to the computer lab and provided them hands-on instruction. Ms. R. Divya, of III B.Sc. Computer Science, offered the vote of gratitude at the end of the event.

Report – 9.1.2024

In the Young Student Scientist Programme – YSSP 2023 conducted on 9.1.2024 in Sri G.V.G Visalakshi College for Women, the Department of B. Sc. Information Technology jointly with the department of B. Sc. Artificial Intelligence conducted an IoT Tech Project Expo for the YSSP students. Students of Computer Science and Artificial Intelligence department guided the young students on the projects using IoT. The students were also taken to RMPT College where they got inputs on IOT and Robotics.

Report – 10.1.2024

Sri G.V.G Visalakshi College for Women and Tamilnadu State Council for Science and Technology jointly organized the valedictory session of Young Student Scientist Programme – YSSP 2023 for the students of IX standard from Tiruppur and Karur districts on 10th January 2024. The programme was organised under the august presence of Managing Trustee and Secretary Smt. Sumathi Krishnaprasad. Co-ordinator of YSSP, Dr. S. Aram, Associate Professor & Head, Department of Physics delivered the report on the conduct of the programme for the 15 days. Principal Dr. N. Lakshmi delivered the valedictory address. Director Dr. J. Manjula felicitated the gathering. Prizes and certificates were given for the first three best working models done by the YSSP students. Young students shared their feedback on the inputs they received on campus during their stay here and participation certificates were issued to all the beneficiaries. Dr. P. Padmavathi, Associate Professor of Mathematics, Assistant Co-ordinator, YSSP, delivered the vote of thanks and the programme ended successfully with the National Anthem.

Report on "Orange the World: End Violence Against Women Now" - Drama Competition
 Date: 07.12.2021 Time: 10.30 am - 12.30 pm

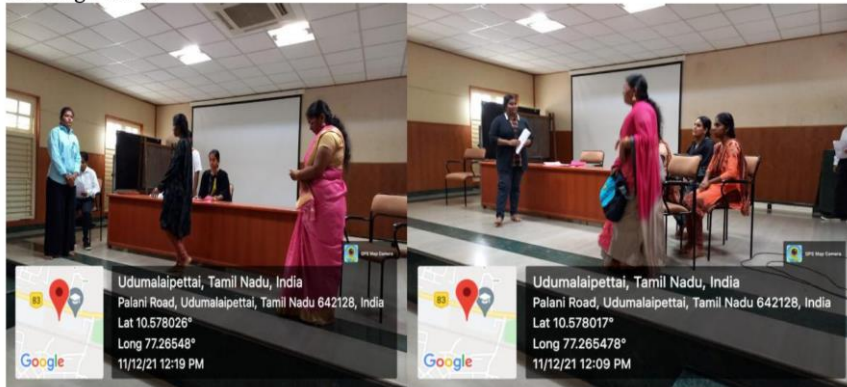

Department of English (SE) and Department of Computer Applications jointly organized an inter-departmental drama competition under the auspices of "Orange the World: End Violence Against Women Now" on 07.12.2021. From various departments, 37 students enthusiastically participated in the competition. Students enacted dramas on the current status of women. They created an awareness on the ways and means to end violence against women. This served as an eye opener to empower women in the Indian context.

 In Association with
 Common Service Centre
 Academic Year 2021 – 2022
 Extension Activity Report

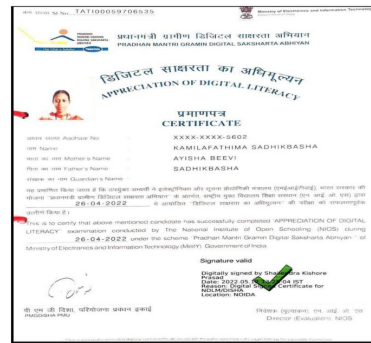

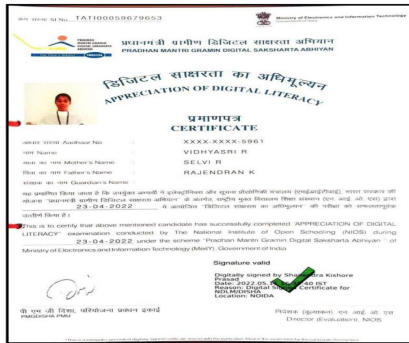

Class : UG
 Total No. of Students benefited : 38
 Name of the Activity : **Extension Activity related to digital literacy under the Pradhan Mantri Gramin Digital Saksharta Abhiyan scheme**
 Date of Registration : 19.05.2022
 Date of Examination : 30.05.2022- 03.06.2022

Objective
 The main objective of the PMGDISHA Scheme is to impart digital literacy training by covering 6 crore rural households , so that they are able to operate computers/digital access devices (like tablets, smartphones, etc.) , send and receive emails, browse internet, access Government Services, search for information, undertake cashless transactions, etc.

Report
 Department of Mathematics(SF) & Statistics organize extension activity in association with Common Service Centre, Kaniyur. Pradhan Mantri Gramin Digital Saksharta Abhiyan for UG Students 38 of our students were enrolled themselves. They also have participated in the Digital Literacy Exam and provide with e-certificates.
 Students had an awareness about "Digital Literacy". Our III B.Sc Mathematics Student, Ms.T.Anitha acted as Examination Invigilator. She explained about the benefits of Digital Literacy Exams.
 She gave an overview about e-Learning platforms (Zoom, Google Meet...) to attend classes through virtual mode, Digital Payment apps like Gpay, PhonePe, Paytm, Amazon Pay, Jio Pay... which will be time consuming to do transaction easy and in a secured way, eBooks (how to download and read books in online in free of cost).

File No. 02/114/2022-23/SC/TS/RP **Dated: 3rd August 2023**

Subject: Award Letter of Special Call for the Studies on the Culture, History, and Geography of the Scheduled Tribes of India under ICSSR Research Projects

Dear Prof./Dr.R.Rajini,

ICSSR extends warmest congratulations to you on successfully obtaining the award of Research Project as per the above Subject.

Please refer to your interaction with Expert Committee, regarding your project proposal for the "Special Call for the Studies on culture, history and geography of the Scheduled Tribes of India under ICSSR Research Projects". The final selection is made on the basis of recommendations of the Expert Committee.

Title: "Factors Inhibiting and Promoting Changes in Development and Welfare Programmes among the Tribal Communities: A Study in the Tribal Areas of Tamil Nadu"

Budget Approved: ₹485000/- (Rupees Four Lakh Eighty Five Thousand Only)

Approved Duration of the Project (Months): 12

First Instalment: 40% of the awarded grant, along with detailed Budget in break-up will be sent along with the Sanction Order of Rs.194000/-

Please note that this proposal is approved provisionally by the Competent Authority on the recommendations of the Expert Committee, and upon fulfillment of eligible criteria and other conditions, the Sanction Order will be issued after receipt of the below mentioned original documents:

- Undertaking (on non-judicial stamp paper of Rs.100/-) (Sample copy attached)
- Declaration (on non-judicial stamp paper of Rs.100/-) (Sample copy attached)
- Date of commencement of the study
- Original forwarding Letter duly signed/stamped by statutory authority (Sample copy attached)
- Grant-in-aid bill (Pre-receipt) duly filled in for the first instalment (Sample copy attached)
- 12 B status of the affiliating Institute

You are requested to send all the above-mentioned documents to the undersigned on or before 12.08.2023 to enable us to issue the formal Sanction Order as per the checklist enclosed.

You are once again required to review the eligibility criteria in the guidelines and ensure that you fulfill all requirements, both as an individual and as an institution. If you have been awarded a project under any other program of ICSSR, and the Sanction Letter for that project has been issued, you are requested to proceed with the earlier sanction and inform us accordingly. In this situation, the current award will not be considered operational.

If you have already been awarded a project, and the sanction letter has not been issued yet, you may choose between the two awards and clearly inform us which project you would like to proceed with.

All the Payments and Transfers are to be done through EAT module of Public Financial Management System (PFMS), hence the institution has to open a dedicated account as per the notification of ICSSR

**SRI G.V.G VISALAKSHI COMMUNITY COLLEGE, UDUMALPET
DIPLOMA IN CHILD CARE AND CRÈCHE MANAGEMENT
REPORT - (2020-21)**

Students enrolled during the year (2020-21) : 14

ACTIVITIES TAKEN UP DURING THE YEAR (2020-21):

- ❖ Conducted Regular Classes for two semesters with Internal faculties and guest Lectures.
- ❖ Organized awareness programmes on the issues relating to "Effects of Mobile Phones on Children's Health".
- ❖ Guest Talk on "Child psychology" by Mrs.Veena through online, attended by 14 students and two faculties on 14.5.2021.
- ❖ Arranged for the Internship Programmes of the Students as a part of Evaluation. Exposed them to real life work situations.

SPECIFIC OUTCOME:

The course on child care and crèche management has addressed many significant issues and the outcomes are multifarious. It has enabled women students to emerge as enterprising entrepreneurs. This has motivated them to set Daycare Centers not only to gain monetary benefits but to enjoy rearing the children with positivity, affection and divine thoughts. The lectures rendered by gynecologists and ophthalmologists on the pre and postnatal care, have been an eye opener to the women students.

A healthy society is determined by healthy women and education of this kind enables women to be conscious of bringing-up physically and mentally healthy children. The establishment of 'crèche management' has always been a distant dream for women of this area.

This course has instilled confidence in the minds of the students that they can be pioneers in establishing Day Care Centers which would be a great relief and boon to many women employees in future.

DIPLOMA IN CHILD CARE AND CRÈCHE MANAGEMENT

REPORT- (2019-20)

Students enrolled during the year (2019-2020) : 40

ACTIVITIES TAKEN UP DURING THE YEAR [2019-20]:

- ❖ Diploma course in Childcare and Crèche management (2019 - 2020) commenced on July 11th 2019.
- ❖ Conducted Regular Classes for two semesters with internal faculties.
- ❖ Guest Talk on "Impact of Spirituality on Child Growth and Development" by Dr.Mekala Balasundaram, Obstetricians and Gynecologists (OB-GYN), Udumalpet on 28.8.2019. And also, created awareness that there is no 100 percent success in "spirituality without science" and "science without spirituality."
- ❖ Guest Talk on "Child Psychology" by Dr.Sivakani Subash, Hospital Administration, Sivakani Hospital, Udumalpet, on February 25, 2020
- ❖ Skill Provisions through frequent visits.
- ❖ Pamphlets were issued to the nearby slums in Udumalpet town on February 28, 2020, with the title "Awareness of Nutrition and health Knowledge "
- ❖ Arranged for the internship programs of the students as a part of the evaluation, which exposed them to real-life work situations.

Sri G.V.G. Visalakshi College for Women (Autonomous)

Affiliated to Bharathiar University, Coimbatore
DBT Star College with Star Status
An ISO 9001:2015 Certified Institution
Udumalpet- 642128

SPECIFIC OUTCOME:

- ❖ The child care and crèche management has addressed many significant issues and the outcomes are multifarious. It has enabled women students to emerge as enterprising entrepreneurs. This has motivated them to set up daycare centers to gain monetary benefits and enjoy rearing the children with positivity, affection, and divine thoughts.
- ❖ The Course helps candidates develop the attitude, knowledge, and skills necessary for working with young children. The lectures rendered by gynecologists and ophthalmologists on pre and post-natal care have been an eye-opener to the women students.
- ❖ A healthy society is determined by healthy women and education of this kind enables women to be conscious of bringing up physically and mentally healthy children. The establishment of 'crèche management' has always been a distant dream for women of this area.
- ❖ This course has instilled confidence in the minds of the students that they can get opportunities in fields like Academic Institutions, Day Care Centers, Children's Hospitals, Anganwadi, Community Health Centers, etc.

A study on Covid-19 Awareness created in the adopted villages

Abstract:

COVID-19 has come as a shock to society, health systems, economies and governments worldwide. In the midst of extraordinary challenges and uncertainty, and countless personal tragedies, leaders are under pressure to make decisions on managing the immediate impact of the pandemic and its consequences, decisions that will shape the state of the world for years to come. The pandemic is a perfect case of systemic risk. There is likely to be strong bottom-up support from citizens. Rural villages' cooperation in overcoming the crisis and building the post-COVID world makes sense. Paying attention to governance arrangements will play an important role in limiting human losses and keeping societies and economies together. In this regard a study was conducted in the five adopted villages to find out the awareness level on COVID -19 and measures adopted by the village administration office.

Introduction:

A world pandemic threat COVID-19 mitigation is crucial to the human life and for reducing distortion of livelihood. The ICTV (International Committee on Taxonomy of Viruses) labelled SARS-CoV-2 (SARS- Severe Acute Response Syndrome) virus induced corona virus disease (COVID-19) was outbreak from Wuhan, China from this January. However, SARS-CoV-2 virus promoting respiratory problems and ease of spreading (through air) will make severe life threats than the other, hence Corona virus is belonging to Coronaviridae family, and size is 65–125 nm diameter. An overall good sign has been mortality rate (4.33%) which was lesser than the other pandemic diseases, and almost one third of the affected peoples were recovered (till March 23, 2020). Though fatality ratio was statistically less, the affected patients are increasing in the rate of multiplication; not by an addition. Thus, world governments should make consensus to eradicate the COVID-19 as much earlier, which will be helpful to save the poor population in all over the globe.

There are two main routes of transmission of the COVID-19 virus: respiratory and contact. Respiratory droplets are generated when an infected person coughs or sneezes. Any person who is in close contact with someone who has respiratory symptoms (for example, sneezing, coughing) is at risk of being exposed to potentially infective respiratory droplets. Droplets may also land on surfaces where the virus could remain viable; thus, the immediate

environment of an infected individual can serve as a source of transmission (known as contact transmission).

Medically adequate research has undertaken to resolve this problem in worldwide. However, researchers are struggled to attain the vaccination for this single-strained RNA contain virus. The present studies have initiated in humans and world is waiting for the prominent solution to resolve this pandemic threat. Perhaps, medical professionals and wealthier peoples can think for vaccination, government should not like to be. Because poor peoples have more threat for their livelihood than their life (health), on account of this government must proceed some important steps for their welfare. The scenario of INDIA on COVID-19 has decently better than other already affected countries, due to the precautionary measures. The union government has undertaken several steps to restrain the community spread, whereas people are not effectively understanding the situation.

Objectives of the study:

- ❖ To find out the strategies and awareness level regarding COVID -19 in the adopted villages
- ❖ To find the methods to control COVID-19 spread in the villages

Area of the study:

The villages nearer to the institution are adopted for this study.

1. Deepalapatti
2. Jilobanaickampalayam
3. Thinnapatti
4. Kodingium
5. K.Reddipalayam

Village Population

S.No	Name of the Village	Male	Female	Total	Affected	Outsiders
1	Deepalapatti	506	512	1018	Nil	From Andhra 4 persons were quarantined for 14 days with negative symptoms
2	Jilobanaickampalayam	695	629	1324	Nil	
3	Thinnapatti	540	538	1078	Nil	
4	Kodingium	3030	3019	6049	Nil	
5	K.Reddipalayam	526	570	1096	Nil	

Strategies of COVID -19:

- To maintain social distancing (1 m distance), which would not be affordable by daily wages people.
- Lot of restrictions for social gatherings.
- Provide proper protective gears (like hand wash, sanitizers, masks, etc.).
- Provide confidence to the people, then only affected people will come to hospital, where they need to stay for fourteen days quarantine.
- Strengthened people welfare and mind, everyone can obey the government guidelines and then it will be easy to get rid of from COVID-19.
- The isolation step will help to restrain the hospital spread, hence they should be very concerned about it, because in hospital most vulnerable people are there.
- The above-mentioned strategies may be helpful to combat the Indian life and livelihoods, and hierarchy of eradication in India is followed in above mentioned way will result a greater change.

Awareness activities done to eradicate COVID-19:

- The Village Administrative Office created awareness campaigns through MGNREGA workers
- The workers use a tractor in the village and involved in disinfectant activities
- They sprayed bleaching powder in and around all residential areas, drainages and common public sanitation buildings.
- The provision of safe water, sanitation and hygienic conditions is essential to protecting human health during all infectious disease outbreaks, including the COVID-19 outbreak.
- Ensuring good and consistently applied WASH and waste management practices in communities, homes, marketplaces and health care facilities will further help to prevent human-to-human transmission of the COVID-19 virus.

The most important information concerning WASH and the COVID-19 virus is summarized here.

- ❖ Frequent and proper hand hygiene is one of the most important measures that can be used to prevent infection with the COVID-19 virus.
- ❖ WASH practitioners should work to enable more frequent and regular hand hygiene by improving facilities and using proven behaviour change techniques.
- ❖ In particular, disinfection will facilitate more rapid die-off of the COVID-19 virus.
- ❖ Many co-benefits will be realized by safely managing water and sanitation services and applying good hygiene practices. Such efforts will prevent many other infectious diseases, which cause millions of deaths each year.
- ❖ Sanitation and plumbing People with suspected or confirmed COVID-19 disease should be provided with their own flush toilet or latrine that has a door that closes to separate it from the patient's room.
- ❖ Safely disposing of greywater or water from washing PPE, surfaces and floors.

NATIONAL EDUCATION POLICY - 2020

National Education Policy 2020 Report

Dear Participating Institutes of UBA,
Namaskar!

In reference to the emails regarding the E-book on Web Resources for sharing with the volunteers in continuation to the 16th webinar for volunteers of Unnat Bharat Abhiyan and NYKS/ NSS/NCC.

We are now sending you a **template** in which you have to fill your data and send us by 23rd September 2020. In the template, the template will be uploaded in google form which is being attached with the mail.

Please download the template and look into the google form so as to know what kind of data you need to have while filling the form and conducting the events.

It is the compulsory action of sensitization in all the possible ways you can do. Convert your template into PDF less than 10mb before uploading in google form, please do not exceed the 1 page.

Template: [Click here to download the editable template](#)
